DAY TODAY

ARIES (Mar 21 - Apr 20) I have no doubt that the past few weeks have been slightly

unsettling. I suspect, though, that it's next week's developments which will show the way the wind is blowing. You'll feel happier once the path ahead is clear.

TAURUS (Apr 21 - May 21)

others about your plans and thoughts for the future. Remember the old saving that a problem shared is usually halved. At least, let's hope that it's not doubled.

GEMINI (May 22 - June 21)

You are definitely in the mood to fight for your rights at the moment. Don't let anyone take you for a ride, but don't be mean, either, Nobody will think the worse of you if you are gullible or easily deceived. The only real risk is that you might feel embarrassed.

CANCER (June 22 - July 23)

You'll need to keep your feet firmly planted on the ground if you're going to face intricate and intensely emotional situations stirred up by that energetic planet Mars in an acutely sensitive zone of your chart. You'll be looking for outlets for your adventurous aspirations.

LEO (July 24 - Aug 23) With each day that

passes you are coming closer to the solution of a complicated problem. The only question I must ask is whether you are really ready for the answer, and will you recognise the truth when you see it? Perhaps it will be a close

more you're likely to receive.

LIBRA (Sep 24 - Oct 23) The chimes of freedom are ringing out, but I must

remind you of the old cliché that prisoners are often lost without their chains. Are you ready to take that leap into the unknown which is symbolised by this week's remarkable alignments?

SCORPIO (Oct 24 - Nov 23) While it's true that your stars are generally

auspicious, at least in daily terms, weekly indications suggest that you may shoot yourself in the foot. It's strange just how many ways you find to undermine your confidence! Snap out of it, and look after yourself.

SAGITTARIUS (Nov 24 - Dec 22)

you've got to do is keep your

eye on the ball: when it moves, you move. CAPRICORN (Dec 23 - Jan 20) Someone may ruffle

your feathers, but then that's nothing new. What could be different this time, though, is your response. Have you thought, for example, that it may be you who has misunderstood people in authority, such as employers.

AQUARIUS (Jan 21 - Feb 19) Old and half-

forgotten memories are apt to creep back, and vou may be feeling nostalgic. Yet if your thoughts and habits are dominated by the past, you may miss a personal opportunity, perhaps one that has foreign connections or farsighted implications.
